Anchor Zero Lacto (Trim) Milk	1L	16	15	3005518

## ANCHOR A2 MILK

a2 Milk is a pure and natural dairy milk, that contains only the A2 type of beta-casein protein because it comes from specially selected cows that naturally produce only the A2 protein and no A1 protein.

Variant	Unit Size	UPO	Shelf Life (days)	Item Code
Anchor A2 Milk Blue	1L	16	15	3110190
Anchor A2 Milk Lite	1L	16	15	3110195
Anchor A2 Milk Blue	2L	9	15	3110158
Anchor A2 Milk Lite	2L	9	15	3110174

# Working together, for tomorrow

## Our approach

To build a sustainable future we are focused on three goals that go hand-in-hand: healthy people, a healthy environment and a healthy business.

**1.9%** 

reduction in GHG emissions from our global manufacturing operations

**6.4%** 

reduction in water use at our manufacturing sites in water-restricted regions

**970tonnes** 

Solid waste to landfill reduction from our global operations compared to last year

# ANCHOR GENERAL PURPOSE CREAM

Anchor Cream is a smooth and luxurious full fat cream.

Variant	Unit Size	UPO	Shelf Life (days)	Item Code
Anchor Thickened Cream	2x125ml	12	42	3112062
Anchor UHT Cream Standard	250ml	24	210	3110170

Anchor Fresh Cream	2L	9	15	3005681

# ANCHOR SPECIALTY CREAM

Anchor Food Professionals culinary cream is full-bodied full fat fresh cream experience with the added benefit of being UHT.

Variant	Unit Size	UPO	Shelf Life (days)	Item Code
Anchor Cooking Cream	1L	12	210 (once opened consume within 3 days)	3005313
Anchor Whipping Cream	1L	12	270	3110232

Consistency is key in the hospitality industry and is something that can make or break a business. This is the reason that Anchor Fresh Cream is a favourite for many as it is always consistent, year round!

Anchor fresh cream has the advantages of high naturally occurring beta-carotene levels due to the luscious green pastures of New Zealand.

This makes our Anchor fresh cream not just nutrient rich but consistently creamy making it easier to work with to get best results every time.

## Chef Tips

Time is money, so what could be better in a busy kitchen than saving both.

Anchor Food Professional Culinary Cream is a fantastic edition to any café or restaurant – it will save precious time and speed up service.

It rapidly reduces cooking time with great results adding a superior flavour, maintaining a full-bodied full fat fresh cream experience.

With the added benefit of being UHT you can store this product in ambient settings for those tight kitchen spaces.

Quick prep idea – use it to make your carbonara mix using rich thick sauce, saving you valuable time.

# Anchor plant based milk bottle

Our Plant Based bottle is made from sugarcane, and has a low carbon footprint as well as being 100% kerbside recyclable.

Made from sustainably grown sugarcane.

Low carbon milk bottle.

100% Kerbside Recyclable.

Fresh'n Fruity Greek Raspberry	1kg	8	49	3112122
Fresh'n Fruity Greek Vanilla	1kg	8	49	3112092

## Chef Tips

De Winkel Natural Yoghurt has many great advantages to it. It is heat and acid stable so it's great for cold and hot applications without the risk of splitting.

Try it in your curry sauce or in a marinade to be cooked, you will see that it won't split and can also be kept warm without splitting.

# Looking after your cheese

Cutting	Cooking	Storing
<ul style="list-style-type: none"> <li>• Invest in good knives</li> <li>• Large, hard cheeses are often cut with a double handed knife used in a rocking action</li> <li>• Knives with holes in the blade are excellent for soft cheeses as the holes prevents the cheese from sticking</li> <li>• The shape of a cheese determines how it should be cut:               <ul style="list-style-type: none"> <li>– Blocks into slices</li> <li>– Flat wheels in wedges like a cake</li> <li>– Small rounds, in half then cut into wedges like a cake</li> <li>– Logs in horizontal slices</li> <li>– Squares in strips</li> </ul> </li> <li>• For mould cheese ensure that each serving generally has an equal amount of rind as well as a piece from the centre of the cheese</li> </ul>	<ul style="list-style-type: none"> <li>• Generally the best cheeses for cooking are Mozzarella and Egmont</li> <li>• Specialised applications               <ul style="list-style-type: none"> <li>– Parmesan – Italian</li> <li>– Swiss – Fondues</li> <li>– Mozzarella – Pizza</li> </ul> </li> <li>• Cook at low temperatures for a short time</li> <li>• Add cheese at the end of cooking and heat gently for as long as it takes to melt</li> <li>• The younger the cheese, the better it will melt</li> <li>• The older the cheese, the fuller the flavour</li> </ul>	<ul style="list-style-type: none"> <li>• Keep all cheese in refrigerator between 2–4°C</li> <li>• Once opened should be stored by type (fresh/white/yellow/blue) and in air tight container or plastic wrap</li> <li>• Guard against tainting by not storing next to smelly foods like fish</li> <li>• Grated cheese can be frozen and it is recommended that you use it straight from the freezer for cooking</li> </ul>
